About the Parent Pass App Project

The Best Place for Kids!® is working with 100 parents in nine neighborhoods across Fort Worth to co-develop the **first-of-its-kind Fort Worth Parent Pass App** that will be free for local families, and that will provide parents the opportunity to:

1 **Connect with other parents** that have similar interests in their community,

2 **Recommend and review local community resources and events**, and

3 **Provide instant access to local educational opportunities, key resources, and neighborhood events** for families and children from birth through high school.

Who We Are

Together with leaders from philanthropy, education, healthcare, business, nonprofit, and our local cities and counties, we are employing a whole-community, whole-child approach to build a more connected and supportive local ecosystem that enables students and families to thrive.
